

Howdy,

Here is some helpful information for your arrival to Lightner Creek Campground and Cabins in Durango.

Check-in for Tiny Home for Two & The Lodge & Creekside Cabins: 3:00 pm

Check-in for RV Sites, Tent Sites and Mtn Shacks: 1:00 pm

Office/Store hours: 1pm to 7pm

Instructions for EXPRESS check-in:

After a long drive, don't wait in a long line in the campground office. Please complete the actions required with your electronic signature in the guest portal and pre-check-in up to 7 days in advance.

If you don't check-in on the arrival day and fail to notify the campground of a delayed arrival [due to car trouble, etc] your reservation will automatically become VOIDED the next day. You may pre-check-in 7 days in advance for your reservation through the guest portal.

If everything is complete before your arrival date, there will be no need to stop in the campground office. Just grab your arrival packet with your name on it, including a campground map which shows how to get to your site. This will be located next to the office door.

PLEASE REMEMBER TO HANG YOUR CAR PASS ON THE REARVIEW MIRROR. The car pass gives you permission to be on the property. The car pass should be visible at all times and facing forward to be easily read by campground management.

ONE TYPE OF CAMPING EQUIPMENT PER SITE + TOW VEHICLE. Extra equipment must be approved by office management prior to arrival and will incur a \$10.00 per night fee. Extra equipment will not be allowed to be parked at your site and will be kept in a designated storage area, which is limited and requires reserving space in advance. Any vehicle without a car pass will be towed from the property.

All campsites and cabins No more than 6 persons per site (Tiny Home for Two: max 2 persons) (Mountain Shacks: max 4 persons), All campsites and rental units are *non-smoking*. Pets are welcome and *free!*

Lastly, once you turn onto County Road 207 (Lightner Creek Road), follow Lightner Creek Road EXACTLY 1.5 miles and Lightner Creek Campground will be on your left. Please pay close attention, as Lightner Creek Road is a dead end. If you miss our entrance, it can be challenging to turn around, especially for large camping equipment.

For GPS assistance, enter this address: 1567 C.R. 207 Durango CO 81301

We are looking forward to your stay with us!

Safe Travels,

The Lightner Family
